1. In a letter dated 18 December 1951 to Ibrahim Bajraktari, Dector Kastishi, an Albanian in Turkey, asked how Almaz and Shukri Kabashi, who recently returned from a mission into Albania, are faring. Kabashi also asked Bajraktari to get permission from the Greek authorities for him to return to Greece.

2. In a letter dated 19 January 1952 to Abas Kupi, Hamit Natland states that Abas-Ermeni has given instructions to all the groups to "neutralize" him (Natland). Natland states that he is not afraid of Ermeni and that Ermeni does not like any Albanian who does not follow Ermeni's policy. Natland believes that if Ermeni ever got in power in Albania he would be more ruthless than Nemet Shashu.
